

POLITICS QUIET IN MANCHESTER

Non-Committed Democrats Hard to Find in the City.

THE BAPTIST ASSOCIATION

Citizens of Southside Want an All-Night Car-Manchester Dairy Changes Hands-News, Personal and Brief from Across River.

Manchester Bureau, Richmond Times, No. 1102 Hull Street. There was absolute quiet in political circles in Manchester on yesterday. The non-committed Democrats were as scarce as the night before when Toney's Hall was empty by their absence. The movement to organize an independent club fell flat, and it is hardly probable a second effort will be made to get together a band of Democrats.

Some time within the next week, Mr. Robertson, as president, will issue a call for a meeting of the Virginia Democratic Club, when an invitation will be extended both Mr. Wallace and Colonel Lamb to be present and address the members.

It is probable that the Virginia Club will go so far as to endorse either candidate for Congress.

ADJOURN L. O. DAY. The Middle District Baptist Association will adjourn at Mt. Herman Baptist Church, Chesterfield county, to-day. There are attending the meeting many prominent Baptists from Manchester and Richmond. Yesterday was a busy day, there being much business transacted, and a number of addresses delivered. Judge B. A. Hancock is presiding as moderator.

Rev. W. W. Sisk, of Clifton-Street Church, Swansboro, delivered the opening sermon.

TO-DAY will see the petition for the owl car in circulation among the citizens of Manchester. There is a general demand for this service, and it is certain the petition will be largely signed.

The car would be a great convenience to the citizens of the Southside, many of whom, after midnight, with the present service, are compelled to walk the Free Bridge to reach their homes.

The Manchester Dairy changed hands yesterday afternoon, the plant entire being purchased by Mr. W. H. Harris, of Richmond. The dairy will be continued at No. 1314 Hull Street.

Swansboro puts a base-ball team in the field and now, through its manager, Mr. G. Hooper, No. 11 Semmes Street, Manchester, issues a challenge to all comers. The team has just gotten together, and is a strong aggregation.

FOR THEIR GOOD WORKS. Portraits of the late Miss Sallie J. Walker and Rev. Mr. Chandler will be unveiled in the infant class-room at Central Methodist Church on next Sunday morning.

Miss Walker, who during her life-time was the most beloved woman in the city, was the originator of the infant-class work in the Central Church Sunday school. The portrait is a most excellent likeness of Miss Walker, and has been generally approved by those who knew Miss Walker and have seen the portrait.

The portrait of Mr. Chandler is given by the teachers of the school as a testimonial of their appreciation of his work in the interest of the Sunday school kindergarten work. An appropriate service will be held upon the unveiling.

Judge Ingram will adjourn the Corporation Court to-day.

Mr. Jap Royall, of Chula, Amelia county, who has been visiting in Manchester, has returned to his home.

Mr. Linwood Royall, of Amelia County, has been visiting friends in Manchester for the last week and has accepted a position as clerk in a store in Brunswick county.

Mrs. J. E. Eggleston and children, of No. 1312 Hull street, will spend several weeks visiting relatives in Hanover county.

Mr. J. C. Abbott is spending his vacation in New York city.

NORTHSIDE CAR SERVICE

General Manager Huff Says it is Better Than Ever Before.

General Manager Huff, of the Virginia Passenger and Power Company, speaking yesterday about the decision of the Northside Citizens' Association to bring suit against the company to continue its northside cars around the loop in Henrico, made this statement:

"Since the citizens of the Northside have decided to take the matter into the courts the question is out of my hands and up to the legal department of the company. No committee of citizens ever waited upon me with their grievances in regard to the discontinuance of the service around the loop.

"However, I will state that we are now giving the people of the Northside a better service in many respects than heretofore. We put them into the city in four minutes less time than formerly required, and in addition they are riding on a much more comfortable vehicle of transportation.

"The service around the loop was discontinued because the tracks on it did not warrant our sending the present

GIRL WOMEN.

The general standard of measurement for womanhood is "grown-up-ness." When a girl is emancipated from school and arrives at the dignity of trailing skirts and elaborate hair dressing she is looked upon as a young woman.

But a girl who knows nothing of such standards. When the womanly function is established and attained according to her standards, and there is need of womanly care and caution. It is girls' ignorance or neglect at this critical time which often results in long years of after misery.

Mothers who perceive the evidences of functional derangement in young girls should promptly have them begin the use of Dr. Pierce's Favorite Prescription. It establishes regularity, tranquilizes the nerves and tones up the whole system.

"My troubles started during my girlhood," writes Miss Flora I. Greer, of 107 Howe Street, Akron, O., "but did not prove serious until 1893. From that time I did not get a well day. I suffered at every monthly period with terrible headache, irritation of the spine and pains in my head. I had nervousness through my lips and ovaries all the time and constant backache. One doctor would tell me one thing and another would say something altogether different, but they only relieved me. I then wrote you and followed your advice. I took five bottles of Dr. Pierce's Favorite Prescription, four of Golden Medical Discovery and five vials of 'Fetlets.' Have not had a single symptom of my old trouble so far. Can sleep good, work hard and eat solid and substantial food without distress."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

equipment around it, and when we maintained a twenty-minute schedule on the loop it was frequently the case that not more than twenty or thirty passengers a day rode around, there being only one house on the entire circuit."

Mr. Huff stated further that he was under the impression that the people who were making the fight lived beyond the loop, and that the Northside Citizens' Association was aiding them only on account of sympathy.

The committee named at the meeting of the Northside citizens Tuesday night to act for them in bringing the suit is composed as follows: Messrs. L. B. Enslow, C. M. Vaughan, C. F. and D. A. Kuyk. The name of the first gentleman was inadvertently omitted in the report of the meeting in yesterday's paper.

Messrs. Cutchins and Collier are the counsel for the citizens, and a consultation was held yesterday afternoon between them and counsel.

News of Barton Heights.

Mr. E. A. Willis who has been visiting his wife, who has been stopping at the home of Mrs. W. L. Ragland, has returned to his home in Baltimore.

Mr. J. H. White has returned home from a business trip to Philadelphia and Baltimore, Md.

Mrs. J. R. Noel of Farmville is visiting the home of her sister, Mrs. B. A. Overly.

Miss Emma Hopkins, of Poe Street, left Tuesday to visit friends and relatives in Alexandria.

Mrs. J. B. Hance, who has been visiting her sister, Mrs. C. L. Squires, has returned to her home in Washington.

Miss Goodloe has returned to his home on Virginia Avenue from Clifton Forge, where he has been for the past two weeks.

Mrs. R. H. Fox of Philadelphia, Pa., who is visiting her daughter, Mrs. Charles McCurdy, of Brookland Park, will leave next week for her home, accompanied by her little grand-daughter, Miss Jennie Warren McCurdy.

Mr. S. P. Jones, who has been visiting friends and relatives in Mineral City, has returned to his home.

Mr. William T. James, who has been visiting Mr. Wilkinson of Brookland Park, has returned to his home in Portsmouth.

Mr. A. M. Foley has left on a business trip to Newport News, and will be gone about ten days.

Mr. H. C. Barlow, who has been visiting Mr. Jones, of Brookland Park, has returned to Charlottesville.

Mr. W. P. Veitch, wife and family left Tuesday on a pleasant trip to Buckroe Beach.

Mrs. Mattie D. Allen has returned to her home, after a very delightful visit to her cousin, Mrs. Clark Wilkins, of Hanover county.

News of Henrico.

Marriage licenses were issued yesterday by the Clerk of Henrico county to Mr. William E. Ashby, and Mrs. Maria L. Hooper and Mr. George W. Rose, and Mrs. Nora B. Clarke.

Mr. Ashby is a carpenter and builder and Mr. George W. Rose is a farmer of Henrico.

The examination of white teachers for the public schools, which has been held at the County Courthouse, closed yesterday.

Labor-Day Orator.

Commissioner of Labor James B. Doherty has notified the Central Labor Union of Roanoke of his acceptance of the invitation to deliver the Labor Day address in that city.

Shockoe Council Banquet.

Shockoe Council, Royal Arcanum, will entertain members and friends at a banquet at Masonic Temple on August 14th. All arrangements have been completed and seats for over 500 will be provided.

RACE DIVISION OF SCHOOL FUND TAXES

North Carolina Supreme Court Creates a Stir.

COUNTERFEITERS ARRESTED

Movement to Secure Manual and Industrial Training in the North Carolina Public Schools.

Teacher's Institute.

(Special Dispatch to The Times.)

RALEIGH, N. C., Aug. 6.—Considerable consternation was created throughout the State by a recent decision of the Supreme Court of North Carolina, in which the dictum was laid down—the principal contention at issue was a disputed matter—that county boards of education are obliged to apportion public school funds in the school districts strictly according to the school population, making the division per capita between the white and negro races.

However, the State Superintendent of Public Instruction issued instructions this morning to the county boards to ignore the Supreme Court's opinion, as the act of the Legislature, which directs them to distribute the school money to each township, so as to give to each school for each race the same length of school term, as nearly as may be, each year, and to have proper regard for the grade of work to be done and the qualifications of the teachers required in each school for each race, and fix the maximum salary for each school in the county. This law having been legally enacted by the Legislature, must be assumed to be constitutional until it is expressly decided by the court to be unconstitutional.

It is under the provisions of this act that the white children are enabled to enjoy the benefits of a just share of school funds, in proportion to the very much larger school tax paid by the white people.

COUNTERFEITER'S WIFE ARRESTED.

Mrs. Lowry, wife of A. T. Lowry, who was convicted several months ago for counterfeiting and sentenced to a term in the Federal prison at Nashville, has been arrested in this city, and bound over to the next term of the United States Court to answer the charge of aiding in the making of spurious coin. A quantity of metal, plaster of Paris, and other materials were found on her premises. The woman gave bond for her appearance.

Lowry escaped from the prison at Nashville about two months ago, and it is believed that he has been in the city the past few days. The counterfeiting materials were probably left in his wife's house by him while there. Officers of the law say that Lowry went from here to Norfolk, and they confidently expect to capture him within the next few days.

The mounds found in the Lowry's possession show evidence of recent use. She claims to have no knowledge of the materials found in her house.

A SEVERE STORM.

A severe wind storm, amounting almost to a cyclone, swept over a small section of Wake county, contiguous to Raleigh, yesterday evening, and did considerable damage, not only to crops, but in the way of unroofing houses and in some instances twisting off trees. Several houses were completely destroyed.

A teacher's institute for Wake county public school teachers is being held in this city under the direction of Professor Crittenden, of Wake Forest College. Dr. George T. Winston, president of the North Carolina College of Agriculture and Mechanical Arts, delivered an address this afternoon on mechanical learning in the public schools. He advocated the introduction of these features in the public schools of the county.

HEAVY STORM.

Struck Durham, N. C., Yesterday and Did Great Damage.

(Special Dispatch to The Times.)

DURHAM, N. C., Aug. 6.—A heavy wind and rain storm struck Durham about 4:30 o'clock this evening. Awnings were torn into shreds. A church in East Durham was badly wrecked. There were also several private residence and business houses.

The storm lasted some thirty minutes, and the damage was estimated at \$3,000. Telegraph and telephone wires were down so that communication with the north was stopped for several hours.

SLIGHT RAY OF HOPE.

Very Little Possibility That Judge Bynum Will Recover.

(Special Dispatch to The Times.)

GREENSBORO, N. C., August 6.—Judge Bynum is still alive. He roused from his stupor at eight and repeated the word "Governor" when told that Governor Aycock was present to see him. Stimulants and nourishment had some effect. Physicians say there is slight ray of hope, but his semi-consciousness has caused him to feel pain and show it.

Killed by Lightning.

(Special Dispatch to The Times.)

ROCKINGHAM, N. C., Aug. 6.—While sitting in the covered porch conversing with two other gentlemen this afternoon, Mr. Oliver H. Kinney was killed by lightning. The others were injured.

Exciting Ball Game.

(Special Dispatch to The Times.)

WINSTON-SALEM, N. C., August 6.—A close and exciting ball game here this afternoon between Winston-Salem and Stoneville. At the opening of the ninth inning the score was a tie, but Winston-Salem won by making one run, making the score 9 to 8.

WE'RE HOUSE-CLEANING!

Getting Ready for the Opening of the Fall Season Sept. 1.

We intend to open with a complete new stock on call to order.

That means BARGAINS FOR YOU. All slightly used Pianos will be sold at any price to close them out. Some second-hand Pianos, refixed, as good as new, at your price. Also 17 Organs, for church, school or home.

A few new Pianos just from the factories.

Steinway, Knabe, Hardman, Standard, Kimball, Haines.

Victor Talking Machines.

Most wonderful of them all. 10,000 new records to choose from. We are the distributing agents for the South. First choice here.

WALTER D. MOSES & CO.

Largest and Oldest Music House in the South, 103 East Broad Street.

THE DIXON CASE AGAIN

Squire Graves in a Quandary—Wounded Man Has Disappeared.

The case of William Dixon, charged with cutting another negro with an axe about a month ago, was once more called in the Police Court yesterday. The negro, who was cut with the axe can't be found. He was patched up at the City Hospital and then went away. The case has been continued from time to time, and Squire Graves will see Judge Witt about the matter with the view of discharging Dixon.

M. B. Floschheim, of the Jefferson Laundry, appeared against R. A. Bennett, a young man formerly employed at the laundry, charging him with misappropriating \$75.00. The money, it is alleged, was collected and never turned in. The case went over for more witnesses.

C. N. Wool was sent to the grand jury for cutting John Elam.

William Henry Banks was fined \$5 for abusing and threatening to cut John Sigmund.

Jacob Mitchell was fined \$25 for fighting. Charles Hill threatened Sam James \$250 worth.

James Carter was charged \$10 for cutting Augustus Scales.

HOTEL MAN AND ACTOR

Get Into a Fight and Are Arrested on Warrants.

A case that will prove of some interest will be that of Mr. J. Henry Gilbert, proprietor of the Alhambra Hotel, and Mr. Charles De Forrest, the vaudeville actor, which will come up in the Police Court this morning.

The two men were arrested on cross warrants yesterday, charging each other with assault.

The story is that Mr. De Forrest appeared in the office and dining room of the hotel, where he was stopping, early yesterday morning, and flourished a revolver. He frightened a lot of people and then went to his room and went to sleep.

Mr. Gilbert heard about it. He went to the room occupied by Mr. De Forrest and a little fight is said to have taken place in which Mr. Gilbert's hand and Mr. De Forrest's face were bruised.

Warrants were then sworn out and the case will be heard this morning. The friends of the actor are making an effort to have the incident closed before it gets to court, and Mr. Gilbert is helping them in their efforts.

COUNCIL COMMITTEES

Meeting on the Manual Training Question This Evening.

The only Council committee scheduled to meet to-night is the Special Committee on Manual Training in the Public Schools, which will meet at the City Hall at 8 o'clock. The idea is to inquire into the question of the introduction into the public schools of manual training and kindergarten teaching. The committee consists of Messrs. Crenshaw, Bloomberg, Pollock, Russell, Turpin, Gordon, Gunt and King.

The Committee on Corporate Extension will do nothing in reference to the extension of the city limits until the Legislature enacts a statute putting the provisions of the Constitution into effect. The committee has already collected the statistics and other facts necessary to prosecute the work.

The Special Committee on Rules of the Council has been made up of the following members: Bottom, Peters, Hobson, Cottrell and Thomason.

Political Notes.

Ex-Senator John L. Jeffries, of Norfolk, passed through the city yesterday en route to Dickenson county, where he got in a hot after some law business. Mr. Jeffries appears confident that his law partner, Hon. Joseph T. Lawless, will win his fight for Congress in the Second District.

The Clay Ward activists will hold the regular monthly meeting on Saturday night at 8 o'clock at the Hotel Richmond for the transaction of regular business pertaining to the welfare of the club.

Still Cutting In.

The work of cutting in the new Bell telephone in Richmond is still being pushed rapidly, and it is now stated that the work will be completed within the next fifteen or twenty days, after which the subscribers are promised a much improved service.

The local lady operators from Atlanta and Savannah, who came to Richmond to assist the local operators in learning the new switch-board, are still in the city. They will be here until the work has been completed.

Verdict for Plaintiff.

The jury in the Low and Equity Court yesterday returned a verdict for \$125 for the plaintiff in the case of William Banks vs. The Passenger and Power Company. Messrs. R. R. Florence and B. O. James were his counsel. The suit was for injuries to the plaintiff's horse on the 3d of December last at Reservoir and Cary Streets. Upon the conclusion of this case, the court adjourned the jury for the term, which has been unusually long and busy.

Gas Stove Explodes.

A gas stove in the home of Mrs. W. W. Foster, No. 710 East Clay Street, exploded this morning. The explosion was the result of carelessness on the part of an inexperienced servant girl, and she was burned, though not very seriously.

RESIGNATION OF SENATOR GLASS

There Are Two Vacancies Now in the General Assembly.

Senator Carter Glass, of Lynchburg, has resigned his seat in the upper branch of the General Assembly so that his successor may be chosen at the November election.

Upon Governor Montague's return here from the Bar Association, he will accept the resignation of Mr. Glass, and issue a writ of election to fill that vacancy, and the one existing in Congress from the Sixth District. These elections will be ordered to be held on the 4th day of November when all the congressmen will be chosen. The Governor will also issue a writ filling the vacancy in the House of Delegates from Carroll county, occasioned by the resignation of Delegate E. M. McPeak on the same day.

It is not known who will aspire to succeed Mr. Glass in the Senate, but it is likely that there will be several candidates.

Senator Glass has been indeed a "breath of fresh air" in the Legislature of Virginia. His record in the Senate has been that of an able, brilliant and fearless representative, and he will be greatly missed by the people of the State when he shall pass to that higher and more distinguished body of representatives at Washington.

There will be another elevation from the Virginia to the National Legislature shortly. It will be in the case of Hon. Robert C. Southall, of Amelia, who has been nominated for Congress from the Fourth District. Mr. Southall is chairman of the House Committee on Courts of Justice, and will not resign until his term of service actually begins in the National House, which will be on March 4th, 1903.

Secretary of the Commonwealth, D. Q. Eggleston, has returned from his home in Charlotte county, where he went on Saturday to attend the Sixth District primary to nominate a candidate for Congress to succeed the late Major Peter J. Otey.

Mr. Eggleston is chairman of the Sixth District Committee, and to him is due, in a large measure, the credit for the admirable working of the new primary law on Saturday. He is engaged in receiving and compiling the returns, and will shortly be able to give out the official figures. Mr. Eggleston is highly pleased with the plan, and says it gave great satisfaction in his section of the district. He is also pleased with the result, he having been one of the "strong" most zealous and valuable supporters.

The handsome majority which Charlotte county gave Mr. Glass was especially gratifying to the popular Secretary of the Commonwealth, and he had yesterday that what he could have hoped for.

Mr. Eggleston thinks that the primary system is a good one, and that it will be approved by the Democratic people of the State.

TO LIFT THE DEBT

Appeal Being Made in Behalf of Virginia Female Institute in Staunton.

It is probable that the scope of the Virginia Female Institute, the well-known Episcopal Seminary at Staunton, will be greatly widened, the plans projected embodying the lifting of the debt of the institution, improvement of the buildings, increasing the endowment fund and the establishment of several scholarships.

A campaign with this end in view has already been inaugurated, and Rev. H. B. Lee, of Charlottesville, has been in Richmond for several days soliciting subscriptions to the school. It is stated that he has been quite successful, although it is not known how much money was raised.

The following circular has been issued relative to the purposes of the campaign:

"The buildings and equipments of the Institute were never in as fine condition as they are to-day, nor has the school ever enjoyed a larger measure of public confidence and better work along the line of education than it is now accomplishing under the efficient management of Miss Maria Pendleton Duval, its principal."

"While this is the condition of the school, some additions to the buildings, at a cost of \$10,000 are desirable and should be made, and yet it is difficult to make them until the present indebtedness of \$15,000 is paid off, or materially reduced. With the present debt, which was incurred for valuable improvements and additions to the real estate, paid off, and the contemplated additions made to the buildings, this splendid property would remain unimpaired to the dioceses. The rent of the property, which is now applied to the payment of interest on the debt and the gradual extinguishment of the debt itself, could be used to establish scholarships for the equal benefit of the two dioceses, to be conferred upon such deserving persons as each diocese should select. Statistics and other facts would have a valuable and substantial interest in the school, and be enabled to assist in the education of many young ladies from year to year, whose parents might not be able to bear the burden."

GIANT CRANE

One at Locomotive Works that Can Lift 240,000 Pounds.

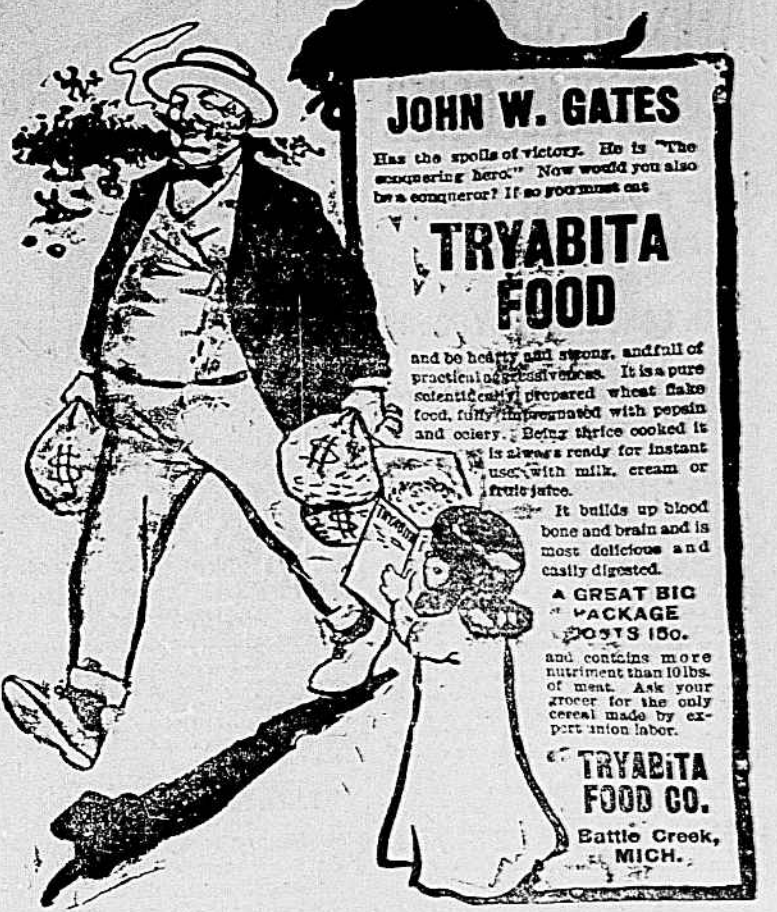

In the new erecting shop of the Richmond Locomotive Works there was put in place a week or two ago, but completed for work on Tuesday, an electric crane capable of lifting one hundred and twenty tons, or 240,000 pounds. This crane moves on a runway about fifty feet above the floor, and is intended to pick up the largest locomotives and move them from track to track. Just below the clearance line of this crane there is another sixty-ton crane to wait on the construction gangs and do light work. The crane, which in total weight weighs 60,000 pounds, was yesterday lifted by one of the motors of the big crane and taken from the floor of the shop and put on its rails on the runway intended for it without the slightest difficulty or hitch.

Electricity has been put to many beneficial uses but, to few if any more modern industries than in operating traveling cranes. Four years ago the Locomotive Works had none—they now have ten—the smallest is of ten-ton capacity.

WESTMORELAND ANNEX

Mr. W. A. Chesterman Gets the Contract—Cost to be \$10,000.

The work on the erection of the annex to the Westmoreland Club will begin at once. The contract for it was signed yesterday by Mr. W. A. Chesterman, the builder, and Major Otway S. Allen, vice-

STREET CARS HAVE BILLY-GOAT SPEED

Durham City Authorities Opposed to Rapid Transit. Public is Indignant.

(Special Dispatch to The Times.)

DURHAM, N. C., August 6.—The action of the City Aldermen in passing an ordinance restricting the street cars to a speed of six miles an hour on Main Street and eight miles on the other lines has been a source of much adverse comment since the order went into effect yesterday morning. The slow schedule does not meet the demands of the public, and a petition will be presented to the authorities asking that the ordinance be rescinded. The following appeared in the Morning Herald of to-day:

"Wanted, fifty mule wagons on the streets at once.
In solemn conclave, after much wise discussion and heated debate, the Honorable Mayor and the Board of City Aldermen have seriously declared that street cars are a nuisance and an abomination and have reduced their speed to the swiftness of a common billy goat, and forthwith Lakewood Park a disgrace and a public scandal."

(Signed) "RILEY."
The street cars and the pace of the authorities of the city are catching it on all sides.

The city aldermen have yielded to public pressure, and this evening reinstated the former schedule.

At a meeting of the Chamber of Commerce last night, ex-Judge R. W. Winston, the president, in the chair, the committee on railroads were instructed to confer with the State Railroad Commission and see if they could not force the building of a union depot here.

Mr. T. B. Fuller made an address on the "Past and Future of Durham."

Severe Storm at Winston.

(Special Dispatch to The Times.)

WINSTON-SALEM, N. C., Aug. 6.—A severe storm passed over this section this afternoon. The worst damage done was the uncovering of the Winston-Salem Electric Trolley building. A number of trees around town and several chimneys were blown down.

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure. It surely be expected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Owens and Minor Drug Co. Only 50 cents.

SPECIAL EXCURSION TO NIAGARA FALLS.
